

# Sustainability & Conservation

A Digital Field Experience Course, curated by *OurLand*

## Unique Learning Experience

- **Explore** the journey of endangered wild elephants as they travel from sanctuary to water source
- **Interact** with on-the-ground conservationists and sustainability practitioners
- **Develop** the capacity to think critically about current sustainability challenges and solutions

*OurLand* is a privately-owned and managed reserve in Kanchanaburi Province, adjacent to the Salakphra Wildlife Sanctuary. We work to conserve wildlife corridors while promoting human-wildlife-coexistence. [Learn more at OurLandThailand.org](http://OurLandThailand.org)
